

Activ8me Business Office Solution (BOS)

Hosted Internet Telephone solution for Business

Activ8me BOS is a hosted internet telephone (VOIP) solution that has been designed to meet your essential business telephone requirements.

Compatible with all nbn™ internet services from Sky Muster™, Fixed Wireless and Fibre, your business can now have one simple solution for voice and data. You can start off small and add to the solution as your business grows.

HIGHLIGHTS

Suited for – Small to medium businesses requiring the ability to have multiple handsets and/or telephone lines in a single location or across multiple locations

Installation & Support – Our Australian based team will provide remote installation and ongoing support

Broadband Internet Service – Requires Activ8me nbn™ broadband internet service and is compatible with all Activ8me nbn™ broadband internet services

Choice of Telephone Handsets – Choose between corded or cordless handset and if required reception style is available

Features of BOS:

- Voicemail
- Multiple Handsets
- Multiple Lines
- Unlimited calls, except 13/1300 and international calls
- Call Forwarding
- Internal Call Function
- Do Not Disturb
- Call Waiting
- Phone Number Porting
- Phone Dashboard

If you require features not listed within this Data Sheet, please talk to us at Activ8me. BOS has many more features and we can custom design a solution for your needs and provide the cost
